

United States Department of State

Washington, D.C. 20520

NOV 12 2009

Dear Madam Speaker

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to a manufacturing license agreement for the export of defense articles, to include technical data, and defense services.

The transaction contained in the attached certification involves the export of defense articles, to include technical data, and defense services for the Laser Target Designator/Range Finders and Gated Laser illuminators for Night Television for the AC-130U Gunship for end-use by the U.S. Air Force.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in dark ink, appearing to read "Richard R. Verma".
